

Industry is Founded On Glacier Deposits

MARL, HUMUS DISCOVERED IN PICKAWAY-CO

Large Plant Is Being Constructed on Farm of Mrs. Franklin Kibler.

The wheels of a new industry will be revolving near the city of Circleville, on or about March 1, and the information and history concerning this industry was the subject of an interesting and educational dinner talk, given by Earl L. Kibler, manager of the Calcar Products Corporation before the regular meeting of the Chamber of Commerce, Tuesday evening.

The product which will be mined and produced by this company will be marl and humus, two products now in demand in the industrial world for reclamation of industrial wastes.

The plant for the production of this material will be located southeast of Circleville on the farm of Mrs. Franklin Kibler, where a deposit of these materials is located.

DEPOSITS IN SWAMP
Twenty acres of swamp, which was believed to be worthless land, is covered with a heavy coating of humus under which is found a vein of marl ranging from 12 to 15 feet in thickness.

Both of these products will be mined and dried with a rotary drier by the corporation. Before giving the progress being made by the company at the present time Mr. Kibler reviewed the origin of the plant.

While digging a post hole on the edge of this swamp, several years ago, it was noticed by the men that the dirt dug in the forenoon was of a pure white color in the afternoon. Having it analyzed it was found to be a type of marl found only in three other places in the United States, these places also being leased by the corporation.

DRYING PLANT INSTALLED
It was at first believed this material could be sun dried, but climatical conditions played havoc with the idea, and a new method for the drying of the two materials had to be sought. Through experiments with the material by Kibler and an engineer of a drier company they have now produced a drier which will answer the purpose.

The plant will be equipped with a drier 50 feet in length, 6 feet in diameter, and will consume about 500 pounds of coal per hour, fed by an automatic stoker. The output of the drier depends upon the moisture content of the marl.

As to the digging of the material the latest in dragline excavators and scrapers will be used at the plant. The humus will be piled for drying with a scraper while the marl is mined from the water with a dragline.

The product is shipped from the plant in carload lots.

BROUGHT BY GLACIER
These two products are seldom found together, according to Mr. Kibler, and in fact no other deposit has ever been located quite like the one found near this city.

It is believed by geologists that the deposit was moved down by a glacier from some far northern area, as barnacles and sea shells are found in abundance in the marl.

It is the hopes of the company to have all of the machinery placed in operation by March when it will run on a 24 hour basis.

Numerous questions were then asked the speaker by the members of the Chamber of Commerce, concerning the deposit, and the machinery.

UNDERLAID BY WATER
The machinery which is being assembled at the plant will excavate approximately 150 tons of the material per day.

This swamp which was for many years a lake has now been drained for the removal of the humus, while the marl will probably be excavated from the water, as the entire deposit is underlain with water bubbling up in numerous springs.

Engineers who have visited the deposit have estimated that about 65,000 tons of humus and 1,000,000 tons of marl could be excavated.

PARIS, Jan. 16.—The heart action of Marshal Ferdinand Foch, France's famous strategist, became so irregular this afternoon that the attending doctors administered injections of camphorated oil.

Denied Insurance

Corinne Hanna, who lost war risk insurance of her husband, Mark Hanna, killed in France, after seven-year Chicago court battle in which her moral conduct was questioned. Hanna's father, Thomas M. Hanna of Ruthven, Iowa, was awarded insurance.

GUILT DENIED BY THREE MEN

Four Prisoners, Indicted by Grand Jury, Are Arraigned in Court Here.

Four persons indicted by the January session of the grand jury were arraigned before J. W. Adkins, judge of common pleas, Tuesday afternoon.

Beeman and Otis Speakman, indicted jointly for burglary and larceny pleaded not guilty to the indictments. This case is the echo of the alleged theft of chickens from Matilda Dailey, on the Jackson-pk. Otis lives near Circleville while Beeman lives at Stoutsville.

Lewis White, indicted for burglary, pleaded not guilty and was remanded to jail. White is alleged to have taken fowls from Geo. Gerhardt, Route 5, and was identified by the sheriff through gunshot wounds he received when James Swearingen thought he was taking his chickens.

Joshua Schreckengast pleaded guilty to an indictment charging him with failure to provide for an illegitimate child and was released on bond providing he pay \$3 weekly for the child. The warrant for the arrest of Schreckengast was sworn out by Maude Starkey.

No dates were set for the trial of those who pleaded not guilty.

CHECK PASSING IS ADMITTED BY FOX

Amanda Youth Pleads Guilty in Juvenile Court—Sentence Deferred.

Ralph O. Fox, aged 17, of Amanda, who was arrested by the local police and charged with issuing a number of checks in Circleville without funds was given a hearing before E. A. Brown, juvenile judge, Tuesday.

The boy pleaded guilty to the charges but the sentence was deferred until a later date.

The board of advisors was called in by the judge. This board consists of Mrs. E. S. Neuding, Mrs. D. V. Courtright, Mrs. Harry Groce, T. A. Boyle, Dr. O. H. Dunton and Harp Van Riper.

Charges against Fox were filed by Charles Bass, who operates a filling station near Circleville on the Williamsport pike.

WESTERN PORTION OF COUNTY IS HIT

According to reports the western section of Pickaway-co is now in the grip of the influenza epidemic.

At the Darbyville school about one third of the pupils in the lower grades are reported absent from school and the whole families are ill with the malady.

NAVAL PLANS TREAD PEACE PACT'S HEELS

Approval of Anti-war Treaty Followed by Proposal For More Cruisers.

WASHINGTON, Jan. 16.—With the United States pledged to renounce war and settle all future disputes peacefully, the senate today turned to the administration's plan for increasing the strength of the American navy.

"Treaty or no treaty, America's navy must be prepared for war," was in effect the slogan adopted by the administration leaders who just finished securing ratification of the Kellogg-Briand multi-lateral anti-war compact. The naval bill would authorize the construction of 15 new fast cruisers and a gigantic aircraft carrier, the largest increase of the naval establishment proposed since the Harding disarmament conference.

NAVAL RACE FEARED
Proponents of the bill declared the new warships would not place America on the 5-5-3 naval ratio with Great Britain, but would merely enable the navy to replace some worn-out obsolete cruisers, which would be of little use in event of war. The opposition, however, will fight the proposed increase on the ground that it means launching the United States on a naval race with Great Britain and Japan.

The naval bill will face a much more difficult path to enactment than that travelled by the peace treaty. Whereas the treaty had 70 advocates at all times, the largest administration poll showed but 59 senators favoring the naval bill. It undoubtedly will be enacted if it can be brought to a final vote but the opposition may filibuster it to death.

BLAINE ONLY FOE
The anti-war treaty meanwhile was being sent back to the state department with a formal notice of its ratification by the senate. The vote was 85 to 1, with only Senator Blaine (R.) of Wis., opposing it. "Blaine did so as a protest against what he termed the treaty's endorsement of the British policy of imperialism."

The irreconcilables, led by Senator Reed (D.) of Missouri, and Moses (R.) of New Hampshire, voted for ratification after they won a clear-cut victory for an American interpretation of the treaty. The interpretation was expressed in a report from the senate foreign relations committee, which Senator Borah (R.) of Idaho, filed with the senate. It set forth that the United States interpreted the treaty to mean that it could wage war in self defense at any time, that the Monroe Doctrine was not involved and that ratification did not infer approval of any other treaty.

G. E. GOELLER DIES IN SOUTH

Retired Farmer, Formerly of Pickaway-co, Succumbs in Florida.

Word was received here Wednesday of the death in Pensacola, Fla., of George E. Goeller, retired farmer, formerly of Pickaway-co, who died Tuesday.

Mr. Goeller retired from the farm several years ago and was a resident of Circleville for some years before moving to Florida. The body of Mr. Goeller will arrive in Circleville at 7:30 p. m. Friday and will be taken to the Albaugh funeral chapel.

Friends who wish to view the remains may call any time Friday evening or Saturday morning preceding the funeral which will be at 10 a. m. with services at the grave in St. Joseph's cemetery. Rt. Rev. J. S. Hannan will officiate.

O. S. U. WILL ERECT THOMPSON STATUE

COLUMBUS, Jan. 16.—Ohio State university is to erect a statue of Dr. William Osley Thompson president of the university until his retirement in 1925, and present President Emeritus.

The project for the statue of Dr. Thompson was initiated by a money gift from the graduates class of 1923. The classes of '25, '26, and '28 added to the fund at their class memorials. The total amount available at present, is \$13,000.

DEATH OF WOMAN IN FIRE UNCOVERS RUTH LOVE TRAGEDY

Baseball fans remember many scenes such as the above five at Yankee Stadium and Polo Grounds in New York, when "Babe" was visited by his wife and daughter, Dorothy. At right are three views of the couple at St. Vincent Hospital, where both were confined shortly before they reached parting of ways. They rarely met since 1925, "Babe" says.

Neighbor Finds Body of Mrs. Rachael Van Meter, Victim of Heart Disease

Widow of Civil War Veteran Dies Suddenly At Her Home Tuesday Night

The body of Mrs. Rachel Van Meter, 79, was found Wednesday morning on the floor of her bedroom in her home on W. High-st. by Miss Ollie Sockrider, John Van Meter, brother-in-law of Mrs. Van Meter with whom she made her residence, awoke and called to her. She did not answer, and he called to his neighbor, Mrs. N. G. Hamilton, to come over.

Miss Sockrider answered and ran into Mrs. Van Meter's room and discovered the body on the floor.

Mrs. Van Meter had apparently not gone to bed for she was fully dressed in the clothes she had worn Tuesday.

Will Hamilton and sister, Miss Marie Hamilton, also went to the Van Meter residence, and helped to place the body on the bed. The shock proved too much for Miss Hamilton who fainted and had to be revived.

Mrs. Van Meter's death will be a shock to her many friends. Although she had been ill for three days with organic heart disease, her death was not expected.

Mrs. Van Meter will be greatly missed by not only neighbors and friends, but by members of the Presbyterian church with which she was affiliated and in which she was an active worker. Three sisters and one brother survive. They are Mrs. Francis Blake and Mrs. Chrissie Rathwell of Lockbourne, Ohio; Miss Anna Vause of Columbus and Baldwin Vause of Chillicothe.

Funeral arrangements have not been completed, and will be announced in Thursday's paper.

Mrs. Van Meter was the daughter of John and Mary Perni Vause of John and Mary Perni Vause.

FOURTEEN KILLED AS TRAINS CRASH

BUCHAREST, Jan. 16.—Fourteen persons were killed and forty others were severely injured today in a collision between two express trains at Prusna, near Turnu Severin.

The Temesvar (Romanian) Paris express was derailed near the Prusna station. A local passenger train, the Temesvar-Bucharest express, came thundering down the tracks just as the other train was derailed.

The derailed train was carrying 100 passengers and 100 tons of freight. The local train was carrying 50 passengers and 50 tons of freight.

The fire department was called to the scene of the crash. The fire was quickly extinguished.

The bodies of the dead were taken to the hospital.

RUTH'S CHILD FIGHT CENTER

"Exposure" of Ball Player Threatened By Relatives of Dead Wife.

BOSTON, Jan. 16.—Promising a "red hot exposure" of George Herman "Babe" Ruth after the funeral of his wife, members of Mrs. Ruth's family today prepared to battle in the courts with the "home run king" for the possession of sweet, little Dorothy Ruth.

"Never, I'll stand for almost anything but that. You can never have Dorothy—that much I'll tell you right now." This was what the grief-stricken baseball player was quoted as telling his sister-in-law, Mrs. Joanna McCarthy.

Petitions to the courts were prepared, asking for the custody of the eight-year-old girl that Ruth has claimed was his own child but whom others claim was adopted in Brooklyn, N. Y. Ruth's friends predicted that he would reach an amicable understanding regarding the future of Dorothy.

DEATH CAUSED BY PNEUMONIA

Mrs. Ada Harmount Kirk Dies Wednesday at Home in Williamsport.

Mrs. Ada Harmount Kirk, 74, died at her home in Williamsport Wednesday morning at 3:30 o'clock of pneumonia.

The deceased was born in Williamsport, May 10, 1855, the daughter of John and Martha Seel Harmount. She was united in marriage to Lee Kirk and to this union one child, Earl, was born.

Both her husband and son preceded her in death.

She is survived by a sister, Mrs. W. C. Davis and a brother, John Harmount.

Funeral services will be held at the residence Friday at 2 o'clock with Rev. Swearingen officiating. Burial will be in Springlawn cemetery. C. E. Hill is in charge of the funeral services.

The deceased was a member of the Methodist church, the W. C. T. U., the Women's Foreign Missionary society, and the Heber chapter of the Ohio Eastern Star.

AUTO IS ABLAZE

The local fire department was called to the garage of John S. Ritt, on N. Court-st., at 10:15 a. m. Wednesday to extinguish a blaze in the Studebaker sedan of Mr. Ritt. It is believed the engine was flooded and backfired, causing the blaze.

RAIN, SLEET OR SNOW NOW IS FORECAST

Lowest Temperature of Winter Recorded Here At Four Below Zero.

Taking example from the recent "bullish" stock market, the mercury, official indicator of the weather, is scheduled to go "sky-rocketing" in Ohio Wednesday and Wednesday night.

"Snow late this afternoon, probably changing to rain late tonight." That was the official forecast.

Sleet is predicted for the southern portion of the state, which may turn to either snow or rain, according to the weather forecast. Underneath the snow on the streets of most Ohio cities was a coating of ice.

Many thousands of dollars was spent to clear the streets and sidewalks of Ohio's larger cities. In Cleveland alone, \$5,000 was spent to employ 486 men to shove the snow from the streets. The cost to Cleveland represents only "a drop in the bucket" of the money actually spent, it is said.

THREE ARE DEAD
Children in the state, "moth-balled" their roller skates and took out their sleds. Coasting was excellent.

"One 14-year-old child was killed and three other slightly injured at Martins Ferry when a Pennsylvania freight train struck their sled as it was gliding over the tracks.

Two persons dropped dead in Dayton Tuesday while shoveling snow from the streets.

Tuesday night, low temperatures were reported general throughout Ohio. Cleveland thermometers registered 6 above, and Columbus 10 above. At Wooster, the official temperature at Ohio Agricultural Experiment station was said to be 12 below the night mark.

FOUR BELOW HERE
The lowest temperature of the winter in Circleville was registered about midnight Tuesday when the mercury descended to 4 degrees below zero.

At 7 a. m. Wednesday morning the mercury had climbed to zero, according to Dr. H. R. Clarke, the local forecaster.

Sleights were in order Tuesday night, and the jingle of the sleigh bells which have not been heard for some time, sounded through the chill night air as the sleigh makers drove up one street and down another.

FOUR HELD IN COAL THEFTS

Circleville Youths Are Arrested By C. and O. Railroad Detectives.

Four Circleville boys are being held on charges of stealing coal while two of the boys face a charge of stealing an auto. The plate from one automobile and using it on another.

The boys are Earl Speakman, Ora Rutter, William Ramsey and Lloyd Ferguson.

Three of the boys were arrested Tuesday night by Chesapeake and Ohio railroad detectives while the fourth, Speakman, was arrested Wednesday morning.

According to the detectives the boys were stealing coal from the loaded car, throwing it off and then collecting it to haul to town. The detectives laid in wait along the tracks until they saw the boys and after they had thrown off about six tons of coal made the arrests. Speakman, however, escaped in the darkness, the detectives said.

Rutter and Speakman are also charged with stealing the auto license plate from the car of Arthur Tatum, on E. Mill-st.

The boys will be given a hearing before Mayor Hedges on the license plate charge, and will then be taken to juvenile court on the coal charge.

INTERURBAN LINE CEASES OPERATION

COLUMBUS, Jan. 16.—Another electric interurban traction line in Ohio ceased to function today. The last car over the Columbus division of the Southern Ohio Public Service left here last night shortly before midnight. It arrived at Newark at 12:32 a. m. today, and no more will the rails hum with approaching and receding cars. The Zanesville division will become extinct Feb. 15.

Mrs. Bernie Merriman is a victim of influenza; at her home, 126 1-2 W. Main-st.

FOURTEEN KILLED AS TRAINS CRASH

BUCHAREST, Jan. 16.—Fourteen persons were killed and forty others were severely injured today in a collision between two crack trains at Prusnita, near Turmu Severin.

The Temesvar (Roumania) Paris express was derailed near the Prusnita station. A few minutes later, the Temesvar Bucharest express came thundering down the tracks past danger signals and crashed into the derailed train.

LOGAN HAS BLAZE

LOGAN, Jan. 16.—Fire caused \$30,000 damage here late yesterday, when the three-story W. E. Shaw apartment building was destroyed and adjoining structures partially burned. The Nelsonville fire apparatus aided in extinguishing the blaze, which lasted an hour and a half.

RUTH'S CHILD FIGHT CENTER

"Exposure" of Ball Player
Threatened By Relatives
of Dead Wife.

BOSTON, Jan. 16.—Promising a "red hot exposure" of George Herman "Babe" Ruth after the funeral of his wife, members of Mrs. Ruth's family today prepared to battle in the courts with the "home run king" for the possession of sweet, little Dorothy Ruth.

"Never. I'll stand for almost anything but that. You can never have Dorothy—that much I'll tell you right now." This was what the grief-stricken baseball player was quoted as telling his sister-in-law, Mrs. Joanna McCarthy.

Petitions to the courts were prepared, asking for the custody of the eight-year-old girl that Ruth has claimed was his own child but whom others claim was adopted in Brooklyn, N. Y. Ruth's friends predicted that he would reach an amicable understanding regarding the future of Dorothy.

DEATH CAUSED BY PNEUMONIA

Mrs. Ada Harmount Kirk
Dies Wednesday at Home
In Williamsport.

Mrs. Ada Harmount Kirk, 74, died at her home in Williamsport Wednesday morning at 3:30 o'clock of pneumonia.

The deceased was born in Williamsport, May 10, 1855, the daughter of John and Martha Seel Harmount. She was united in marriage to Lee Kirk and to this union one child, Earl, was born.

Both her husband and son preceded her in death.

She is survived by a sister, Mrs. W. C. Davis and a brother, John Harmount.

Funeral services will be held at the residence Friday at 2 o'clock with Rev. Swearingen officiating. Burial will be in Springlawn cemetery. C. E. Hill is in charge of the funeral services.

The deceased was a member of the Methodist church, the W. C. T. U., the Womens' Foreign Missionary society, and the Heber chapter of the Ohio Eastern Star.

AUTO IS ABLAZE

The local fire department was called to the garage of John S. Ritt, on N. Court-st., at 10:15 a. m. Wednesday to extinguish a blaze in the Studebaker sedan of Mr. Ritt. It is believed the engine was flooded and backfired, causing the blaze.

RAIN, SLEET OR SNOW NOW IS FORECAST

Lowest Temperature of Winter
Recorded Here At
Four Below Zero.

Taking example from the recent "bullish" stock market, the mercury, official indicator of the weather, is scheduled to go "sky-rocketing" in Ohio Wednesday and Wednesday night.

"Snow late this afternoon, probably changing to rain late tonight." That was the official forecast.

Sleet is predicted for the southern portion of the state, which may turn to either snow or rain, according to the weather forecast. Underneath the snow on the streets of most Ohio cities was a coating of ice.

Many thousands of dollars was spent to clear the streets and sidewalks of Ohio's larger cities. Cleveland alone, \$5,000 was spent to employ 486 men to shove the snow from the streets. The cost to Cleveland represents only "a drop in the bucket" of the money actually spent, it is said.

THREE ARE DEAD

Children in the state, "moth-balled" their roller skates and took out their sleds. Coasting was excellent.

"One 14-year-old child was killed and three other slightly injured at Martins Ferry when a Pennsylvania freight train struck their sled as it was gliding over the tracks.

Two persons dropped dead in Dayton Tuesday while shoveling snow from the streets.

Tuesday night, low temperatures were reported general throughout Ohio. Cleveland thermometers registered 6 above, and Columbus' 10 above. At Wooster, the official temperature at Ohio Agricultural Experiment station was said to be 12 below the naught mark.

FOUR BELOW HERE

The lowest temperature of the winter in Circleville was reported about midnight Tuesday when the mercury descended to 5 degrees below zero.

At 7 a. m. Wednesday morning the mercury had climbed to zero, according to Dr. H. R. Clarke, the local forecaster.

Sleighs were in order Tuesday night, and the jingle of the sleigh bells which have not been heard for some time, sounded through the chill night air as the merry makers drove up one street and down another.

FOUR HELD IN COAL THEFTS

Circleville Youths Are Arrested
By C. and O. Railroad
Detectives.

Four Circleville boys are being held on charges of stealing coal while two of the boys face a charge of stealing an auto license plate from one automobile and using it on another.

The boys are Earl Speakman, Ora Rutter, William Ramey and Lloyd Ferguson.

Three of the boys were arrested Tuesday night by Chesapeake and Ohio railroad detectives while the fourth, Speakman, was arrested Wednesday morning.

According to the detectives the boys were stealing coal from the loaded car, throwing it off and then collecting it to haul to town. The detectives laid in wait along the tracks until they saw the boys and after they had thrown off about six tons of coal made the arrests. Speakman, however, escaped in the darkness, the detectives said.

Rutter and Speakman are also charged with stealing the auto license plate from the car of Arthur Tatman, on E. Mill-st.

The boys will be given a hearing before Mayor Hedges on the license plate charge and will then be taken to juvenile court on the coal charge.

INTERURBAN LINE CEASES OPERATION

COLUMBUS, Jan. 16.—Another electric interurban traction line in Ohio ceased to function today. The last car over the Columbus division of the Southern Ohio Public Service left here last night shortly before midnight. It arrived at Newark at 12:52 a. m. today, and no more will the rails hum with approaching and receding cars. The Zanesville division will become extinct Feb. 15.

C. A. C. Team Suffers Defeat on First Trip

LOCALS LEAD FIRST FRAME BUT LOSE OUT

Kenton Cagers, Slow In Starting, Annex Victory By 40 To 32 Score.

The C. A. C. cage team took a long trip Tuesday evening to Kenton, to try their mettle against the Kenton Reds, an independent team of that city. The C. A. C. boys returned with the short end of the score in a rather peculiar game.

At the end of the first quarter the score stood 14 to 4 in favor of the local team. The half ended with the score 16 to 14 in favor of locals but from then on Kenton took the lead. The third quarter ended 27 to 27. The final score was 32 to 40.

Steele was the high score man for the locals with six goals to his credit, while Shield, a Kenton man had him one better with seven.

During the first half Steele collected four goals, Gordon, one, Parks, two, Robinson, and one and Merriman, two.

Circleville's lineup: rf, Steele lf, Gordon; c, Parks, Wallace, c; Robinson and Courtright, rg, and Merriman, lg.

Kenton's lineup: rf, Robbins; lf, Gordon; c, Parks, Wallace, c; Robinson and Courtright, rg, and Merriman, lg.

FILLED WITH PAIN AND MISERY

Laurelville, Ohio, Farmer Calls Hoyt's "The Wonder Medicine."

Hoyt's Compound is a "WONDER MEDICINE," said Mr. John Mace widely known Laurelville farmer while in conversation with the Hoyt Man who is in person at Wilder's drug store, Circleville, O., where he is daily introducing and explaining the merits of this great mixture of nature's purest Roots and Herbs to Circleville and Ross County people.

MR. JOHN MACE

Mr. Mace is a LIFE LONG resident of Ross County and is widely known throughout this vicinity. He is 67 years of age. His complete statement follows: "Have suffered greatly with Rheumatism for TEN YEARS," said Mr. Mace. "My hands were drawn and stiff and my limbs caused me intense MISERY. I had spells that caused me to FALL TO THE FLOOR at times and remain unconscious for several minutes. I was unable to RAISE MY ARMS OVER MY HEAD. My stomach would fill with gas and made eating a terrible ordeal to me. My appetite grew steadily worse until I hardly ate enough to keep me going. Every MEDICINE I tried seemed to give me relief while I was taking it but would soon WEAR OFF. I was skeptical about Hoyt's Compound at first but finally after I saw so many of my friends and acquaintances endorsements in the paper, I thought 'Well maybe this Hoyt's is DIFFERENT.' The first few doses certainly did surprise me. It is a real pleasure and joy for me to work now because I feel well all the time. The Rheumatism has entirely disappeared from my body. I am not troubled with my Stomach at all and I now enjoy a regular Bowel movement which is something that I have not enjoyed for several years. My appetite has improved wonderfully and I now go to bed and sleep sound all through the night. I REJOICE in privilege of recommending Hoyt's to other poor Sufferers everywhere. It has certainly proven the ROAD TO RELIEF for Hundreds here in Chillicothe and Ross County. Many of whom I know personally."

The Hoyt Man is in person at Wilder's drug store, Circleville, where he is daily introducing and explaining the merits of this great Compound to crowds daily. SUFFERERS, nearly every one throughout the Middle West say that they never saw or heard tell of ANYTHING LIKE IT BEFORE. Go and get the Hoyt's Compound today.

CLOUDS DOWN SOILS QUINTET

Circleville Team Gains Revenge For Earlier Defeat By Pickaway Crew.

The Flying Clouds reversed the defeat handed to them at the start of the cage season by the Pickaway Soils class by defeating the same crew in a fast and furious game at the Pickaway gym, Tuesday evening. The score was 21 to 13, in favor of the Clouds.

The outstanding feature of the game was the Flying Clouds defense which held Pickaway to one lone foul during the entire first half. The half ended with the score 10 to 1.

"Dutch" McCrady was the outstanding player of the game with his guarding. Weffler played his usual stellar game. Enroch, of the Soils class, collected eight points for the losing team.

Earliest "Paper Money"

Paper money is believed to have originated in China. Marco Polo, the famous traveler, was the first to report in Europe the existence of paper money in China, under the Mongols. It was subsequently introduced into Persia. It is recorded that as early as 119 B. C. there was introduced in China Philip, or "value in skins." These were small pieces of skin of deer, a Chinese square foot in size, whose price was fixed at a sum approximately equal to \$3.

DRUGGISTS TO OPPOSE C. A. C.

Hotly Fought Game is Expected at Local Gymnasium Wednesday Evening.

Wednesday night's basketball game at the C. A. C. gym will present the C. A. C. opposed by one of its old rivals the Fountain Drugs of Columbus.

To local basketball fans the Fountain Drugs need no introduction, but for the benefit of those who do not follow the game so closely it might be interesting for them to know that the Fountain Drugs have one of the fastest, best balanced teams in Columbus. The team is composed of former college and high school stars and is well up toward the top of the Capital City league with good prospects of finishing at the top.

The C. A. C. boys are up on the bit and raring to go. Needless to say the game Wednesday night will be a battle royal, full of thrills that will keep the fans on the edge of their seats every minute.

As a preliminary to the C. A. C. game the Flying Clouds will set sail against the Darbyville independents.

OHIO PASTORS TO HAVE CONVENTION

Dr. Cadman and Bishop Francis J. McConnell, of N. Y., Principal Speakers.

Local ministers who attend the tenth annual Ohio Pastors' Convention in Columbus, Jan. 21-24, will hear the new president of the Federal Council of Churches, Bishop Francis J. McConnell of New York, in two of his earliest addresses since his recent election to that office.

Rev. E. C. Peters, who as local representative on the state program committee for the convention is urging ministers here to register for the meeting, calls attention to this opportunity.

Bishop McConnell, a native of Ohio and one of the most widely known officials of the Methodist Episcopal church, has just been elected for a four year term as president of the Federal Council of Churches, the national interdenominational Protestant body. He succeeds Dr. S. Parkes Cadman, New York, noted radio preacher.

Dr. Cadman is also on the Ohio Pastors' convention program, together with a number of other national religious leaders.

Announcing
OLDSMOBILE FOR 1929

Now—finer than ever, but at a new Lower Price

Oldsmobile now offers new engineering advancements that increase performance and dependability—new style refinements that result in even more vivid beauty and even more complete luxury... all at a substantial reduction in price!

Oldsmobile's big high-compression engine now delivers 62 horsepower. The piston pins are now pressure lubricated—an engineering feature heretofore characteristic of high-priced cars.

Interiors have been made more luxurious. Upholsteries are richer and more costly. Seat cushions are now deeper and softer.

Further, Oldsmobile has the wonderful new Fisher adjustable front seat, which may be moved instantly forward or backward to the exact position desired, simply by turning the seat-regulator. This feature, together with Oldsmobile's adjustable steering wheel, provides a new order of comfort for the driver.

Style touches include headlamps of new design mounted on chromium-plated standards, a new cadet-type visor, and an unusual selection of voguish new exterior color combinations.

Come in and see this finer Oldsmobile. It is the product of one of the industry's pioneer manufacturers, backed by the vast resources of General Motors. And it offers a combination of beauty, luxury, comfort, performance and value which simply cannot be matched at Oldsmobile's new lower price.

SUFFERING OF
18 YEARS ENDED
BY NEW KONJOLA

Rheumatic Pains and Kidney
Trouble Yield Quickly To
Amazing Powers of New
Medicine.

MRS. MARGARET SHULL.

"How does Konjola do these wonderful things?" This question is on hundreds of lips wherever the fame of this new medicine has spread, for this super-compound is renowned for its mastery over the most unrelenting cases.

Konjola is emphatically a medicine of performance, not promises; of deeds, not words. Its 32 ingredients attack the causes of the ailment; results are quick. Take the case of Mrs. Margaret Shull, 412 Fourth street, north-west, New Philadelphia, Ohio. She writes:

"Eighteen long years I was a victim of rheumatism and kidney trouble, and the only result I ever had from all the medicines and treatments I tried was disappointment. The rheumatic pains, though they struck me in every part of my body, centered in my feet and ankles. Dizzy spells, night rising and specks floating before my eyes were unmistakable proof of kidney trouble. I was so sick and weak and suffered so that I feared I would never be well again. At last I tried Konjola; the medicine I found I always needed. Betterment came almost at once, and at the end of a week the rheumatic pains subsided and then the kidney condition was completely cleared up. What a joy it is to be well again after 18 years of anguish. As long as I live I shall never cease to praise this master medicine." Konjola is sold in Circleville, O., at Mykrantz Pharmacy, and by all the best druggists in all towns throughout this entire section.—div.

RECTOR WILL

Number of Ohio Co-operative
Leaders Will Visit Chicago
On Jan. 21.

A number of Ohio's leaders in the cooperative livestock marketing movement will be in Chicago the week of Jan. 21, to attend meetings of national associations which are fostering development of business groups by livestock producers. The annual meeting of the National Livestock Producers Association will be held on Jan. 23. This organization, of which F. G. Ketner, secretary of the Ohio Livestock Cooperative Association is secretary-treasurer, is one of the country's largest cooperative associations.

The following day will be given over to a meeting of the directors of this association. The National Producers Feeder Pool association, a cooperative unit for distribution and financing of feeder livestock in the corn belt, will meet on Friday, Jan. 25. E. C. Rector, of Pickaway-co, prominent in the development of the farm bureau and cooperative livestock marketing in Ohio, is president of this association.

B. T. Hedges Will Be Guest
At Opening of Columbus
Auto Show.

Mayor B. T. Hedges of Circleville has been invited to be the guest of Gov. Myers Y. Cooper, Mayor James J. Thomas of Columbus and the Columbus Auto Show management at a luncheon Saturday noon preliminary to the opening of the 1929 Columbus Auto Show.

Later the mayor and his hosts and the mayors of 40 other central Ohio cities and towns officially will dedicate the show which will be opened to the public at 1 p. m. Sunday and will continue until 10:30 p. m., Saturday, Jan. 26. The luncheon will be given in the Columbus Athletic club.

The Columbus Auto Show will be second only to the New York show which has just closed. Between 175 and 200 cars will be shown, including 30 makes and a price range from \$375 to \$15,000. The display will cover 52,000 feet of floor space.

The latest developments in automobile design and construction will be displayed, including all the features which have interested the automobile market and automobile buyers in recent months.

To entertain the crowds at the show, there will be daily concerts by Frank Ferneau's original 10-piece Scarlet Mask band, including ensemble and specialty acts.

SOCIETY

BIG SALE OF TICKETS
FOR "HER SONG"

The advance sale of seats for

"Her Song" opened this morning at 9:00 sharp at the Grand theatre with eager crowds waiting to make reservations. Many had two or more tickets to exchange for seats. When the rush was over the board was well depleted for each performance. The sale has continued briskly ever since. In spite of a rumor that both houses have been sold out there are still desirable seats and while a capacity house will prevail it is believed that all can be accommodated.

The final rehearsal will be held Wednesday night, and promises a professional finish that is really surprising. All who have attended the final rehearsals, predict that "Her Song" will leave unforgettable memories in the hearts of those that see it.

Tuesday night at the Grand theater the patrons were delighted by a dance between shows by five girls who represented five bottles of pop. It was a lively dance in which strawberry, lemon, orange, cherry and lime bottles of pop showed the stuff they were made of. These soft drinks had plenty of kick and a very fine fizz.

Miss Mackey, the director of the show from the Roger Bros. at Fostoria, O., led the dance. Mrs. Evan Reichelderfer played the piano accompaniment.

This interlude dance was given as a sample of the dances that will be seen Thursday and Friday night in "Her Song" the musical comedy that is being sponsored by the local Business and Professional Women's club.

LITHOPOLIS

Very impressive services were held for Mr. Richard J. Jones, at Wagnalls Memorial, Sunday afternoon, Jan. 13. Preceding the speaker, Rev. R. H. Waltz, who voiced Lithopolis and Bloom-twp's appreciation two special organ numbers were rendered.

Rev. Spencer Morntey, rector of the Episcopalian church at Northport, L. I. of which Mrs. Mabel Wagnalls Jones is a member, gave a masterly address that was deeply interesting to all who knew the deceased.

Lead, Kindly Light and Abide with Me, were the next organ numbers. The body was laid to rest in the sarcophagus designed for in the Wagnalls Jones plot. In the words of Rev. Waltz, "the memory of this great and genial man, who walked the streets of our little village and always greeted old and young kindly," will ever remain with us, who have benefited so largely by his noble and loving service. Accompanying Mrs. Jones on this last sad trip, were Mrs. Edward Worcester, sister of Mr. Jones, Mr. Edward Worcester, Jr., Mr. Edward Smith and Rev. Spencer Morntey.

MYKRANTZ DRUG CO.

What Doctors Think
of the
Laxative Habit

In all history, no Indian was ever known to have constipation. Nor need YOU. He chewed the bark of a tree called cascara. Today, we have the candy Cascaret.

Cascaring the bowels never forms a laxative habit. If already formed, an occasional Cascaret will usually break the habit. For cascara strengthens the muscular walls of the bowels, and their need of any aid, at all grows constantly less. What other cathartic has this characteristic? The writer knows of none.

An evacuation brought gently about by cascara will, nine times in ten, be followed by full functioning of the bowels on the morrow—and for days after. For there is no REACTION as with sickening salts, or any of the man-made purgatives that go through one's system like a bullet.

Physicians tell us cascara is the ideal laxative—and the tongue tells

us candy Cascarets are its ideal form. At least a million people know this; what a pity there are any who don't! Especially parents; because children love to take a Cascaret. After which, for days on-end, the bowels will be seen to work of their own accord.

The only habit from cascara is that of regularity! Cascarets tone and train the bowels. But at the first sign of returning sluggishness another Cascaret is as effective as the first.

There isn't a druggist who hasn't Cascarets, so WHY experiment with laxatives?

CLEANSING NEEDED—
Though thou wash thee with nitre and take thee much soap, yet thine iniquity is marked before me, saith the Lord God.—Jeremiah 2: 22.

PRAYER—Lord, wash me and I shall be whiter than snow.

WHO IS INTELLIGENT?

The Pennsylvania Education Association at a recent convention urging legislation "limiting the voting privilege to those who can exercise it intelligently."

The assembled teachers pointed out that when the functions of government were simple, little education was required to exercise the duties of citizenship. Now, however, government is complex, and only an intelligent electorate can handle it properly. Hence the need for restriction.

Unfortunately, however, there are objections to their plan. How would we put such restriction into effect? Is there any evidence that the highly-educated man really votes more intelligently than the man who never finished high school? Isn't it quite certain that this scheme would prove an admirable instrument for disfranchising and discontented section of the electorate that the upper classes feared?

The Pennsylvania teachers may be given the prize for advancing the most impractical solution of our governmental problems seen in many a year.

TO PRESERVE NIAGARA

It is encouraging to read that Canada and the United States have reached an agreement for the construction of remedial works to prevent the destruction of Niagara Falls' great natural beauty.

At certain points the falls have been eroding the rocks so fast that the entire contour of the cataract threatened to change. Goat Island, in midstream, was in danger of being left high and dry, with the American falls disappearing altogether.

Now submerged weirs and jetties are to be built above the falls to deflect the flow of water so that the falls can be perpetuated as they are now. It is good news for citizens of both nations.

SLEEPER BUSES

While aviation enthusiasts continue to lay plans for transcontinental train service, the motorbus people are quietly going ahead and making the task of crossing the continent by bus much more pleasant and comfortable.

Sleeping-car buses are now coming into service on the long transcontinental run. Furthermore, the bus line operators report that business is picking up. For all the fact that the bus is noisier, bumpier and slower than the railroad train, it seems to be finding an increasing measure of public favor.

It is cheaper—and the American, despite a lot of loose talk about his love for luxuries, is a bargain hunter.

Just how much the growing airplane business is going to worry the railroad executives is doubtful; but it looks as if the interstate bus lines are going to provide plenty of it.

SPIRIT of the PRESS

One thing the nations have in common is a belief that the others won't let a mere treaty interfere with their plans.

CABBAGES and KINGS

Of shoes—and ships—and sealing-wax—

MATRIMONY

Not so much giving in marriage
As there should have been last year
Whither, then, are we withering
Where do we go from here?

Aren't the girls just as pretty
As in the days when our pappies spoke?
Surely they are, and prettier
But maybe the lads are broke.

The papers tell of a romantic young traveling man who became engaged to a romantic young hotel telephone operator in a five-minute conversation. The young couple were married that evening and the hotel threw a banquet in their honor. They are, one supposes, living happily ever after. Yet, in a five minute conversation—

Bear in mind that they had never met. It was his first trip in the territory, the first time his eyes were ever gladdened by sight of the girl. He strolled into the ornate lobby, saw her, talked five minutes, became engaged, just like that. The conversation must have been extremely to the point. Perhaps like this:

"Hello, girlie."
"Hello."
"Nice hotel you've got."
"Yeah."
"Say, let's get married."
"Wha-at!"
"Let's get married."
"My goodness! Well, all right."
"I don't believe in long engagements."

"Well, neither do I."
"What about making it pretty soon?"

"All right."
"Got a date for this evening?"
"No, not a thing."
"Suppose we get married to-night."

"Well, all right."
"I'll get a license and be back pretty soon."

"All right."
"When you get through?"
"Seven o'clock."

"Well, we'll make it say eight o'clock. That all right?"

"See you then—say, what's your name?"

"Tillie Smith."
"Fair enough. Goodbye."
"Goodbye. Say, mister, what's your name?"

"Goofus. John M. Goofus."
"All right, see you at eight. Goodbye."

"Goodbye."

We have been trying to get at the true inwardness of that British professor who said that men had too much brains for their small bodies, and the more one thinks of it, the more it appears that the eminent Britain was kidding us.

Certainly, in reading the daily prints, one doesn't get the notion that the man has any more brains than are necessary to him—the murders, the abductions, the unspeakable jungle crimes that surround us do not imply that the end of human wisdom has been reached.

Let's decide that it is the sort of news that interests us that makes the world seem awry and crooked, sharp and sour. For today we picked up a paper, a random exchange, a "country weekly," and have culled from it these items:

Grandma Etheridge, who has been ailing all winter, shows signs of improvement. Ed Lyman has been looking after her livestock and Mrs. Lyman attended to Mrs. Etheridge and the house.

Quite a nice sum was realized at the old time supper of the Ladies' Aid society. The proceeds go to poor relief.

Forty able-bodied men turned out for one day last week in Rock Creek-twop and rebuilt John Thomas' barn, which was destroyed by fire. Mr. Thomas, who was burned saving his horses, will be up and around in another week.

The three orphan children left by the sudden and lamentable death of Mr. Eliza Showers, have all been adopted into good homes in the neighborhood.

A health expert says that football players and swimmers become bald in later years. Not to mention plumbers and ministers of the gospel and public accountants and carpenters, and holdup men and lecturers and actors and politicians and plasterers and a few others.

STILL MISSING THE TARGET

Peaks of Desire

WHAT HAS HAPPENED SO FAR.

JERRY DUNN, reporter, falls in love with Ann Tremaine, a wealthy debutante. He takes her to live at his boarding house, and she is attracted to Steve Harrison, a husky mechanic of whom Jerry is jealous. Ann gets a job in a theatre owned by Nick Pagalos, a Greek. Shortly after, Maizie Thompson, an ex-sweetheart of Steve's appears on the scene. She accuses Ann of having stolen Steve from her, but Steve denies this, saying he does not love Maizie. A friendship develops between Jerry and Maizie, and one evening the four of them go out together. Ann goes to Jerry's room and he spends the rest of the evening talking about Maizie. She realizes he is no longer interested in her and the tears come to her eyes. In her exhaustion she falls asleep in Jerry's armchair, and he lets her stay there all night. He confesses to himself that he is not interested in Maizie but hopes to win Ann by professing not to care for her any longer. In the morning Ann slips out of Jerry's room to return to her own. She sees Steve coming down the stairs and knows that he has seen her come out of Jerry's room.

NOW GO ON WITH THE STORY.

ANN stood still, her heart beating with a strange violence. Slowly she turned her head. It was plain now—Steve had seen her. He came toward her with the despair of a man who has seen his universe collapse. All at once he was paler than she had ever seen him, his lips were dry, bloodless. She was acutely conscious that she carried her slippers in her hand.

"I saw you," he said in a husky whisper. It was strange to her that she couldn't command the fresh independence—that she seemed oddly bereft of all power to make a true and adequate explanation. The trapped feeling grew upon her and something akin to panic spread in her bosom. She knew what he was thinking—he thought the worst. In futility she tried to tell herself it didn't matter what he thought . . . but she knew it did . . .

Towards Steve Harrison, curiously, she felt a responsibility that could not be lightly dissipated. He had looked upon her as his ideal, the epitome of feminine worth, and unwittingly her gold had turned to brass before his eyes.

Faith . . . an empty word. In the untutored mind of Steve a woman was either good or bad . . . For him, Ann knew, there could be no gradations or shadings . . . His was a mind fertile for such ideas.

The uselessness of attempting now to make an extended explanation to him assailed her with a tearing pang. His mind would not be receptive to understanding, yet she was astonished at the clarity and rapidity of her own thoughts. "I fell asleep in his chair, and stayed there all night," she said.

"You sneaked into his room for a purpose," he almost mumbled in the voice of a man who had received a great shock. "I went up to my room and you went to yours . . . and then . . ."

"Don't get any foolish ideas in your head," she urged softly. "I'll tell you about it later."

"I think you lied to me," he said with a heartbroken heaviness. "Steve!"

He walked passed her with a heavy tread. A man walking in his sleep with his senses befuddled might have looked and moved as did Steve Harrison. A blow on the head from a bludgeon that had not quite felled him, might have produced the same effect. . . . There was nothing for Ann to do but let him go. All of the joy, the freshness and sparkle of life had suddenly gone out of her. In her breast her heart was a heavy, slow-beating lump. Never so keenly had she realized that a man's opinion meant so much to her, but she was not entirely concerned with her own feelings. What hurt most was her pity for the pain he must have suffered.

Nor did she resent his look of faith. His experience with women had not been the kind to open wide avenues of understanding. She had been set apart from all other women in his conception, and now there had been a crashing fall, an

ing. "It's that Harrison guy, ain't it? You're having trouble with him."

"What makes you think that?" "It don't take no mind-reader to guess anything that plain. When you show up here worried I know it ain't about your job. Good-looking girls like you always fall for some husky fella like him. But get it off your mind, kid. I've got worries enough without soaking up troubles. We've got to get a new system about handling the money in this theatre. The receipts ought to be taken to the bank every morning instead of letting them accumulate here in the office safe for a week or so. I'm going to figure a new plan and have you do the banking every day. There ain't nobody else around here I'd trust with my money."

Ann was touched by the confidence Nick Pagalos had in her ability, despite his cheapness. In his own small niche he had capabilities that made her respect him. There were times when she was infected with his restless energy, and it was an antidote for all of her personal worries. Sometimes they would sit down together and scheme how to increase business and cut expenses. Always his in-

avanche of destruction. She could bring herself to recreate the mental processes, a false realization was upon him that women were all alike, that Ann was like Maizie, and that shot through them all was the strain of mild delirium. Yes, a man like Steve Harrison—a man who walked in darkness—could and would believe such fallacies.

It was conceivable to her that she had forever destroyed his faith and his belief in all women and the regret of it tore her with wolf-fangs. She had not known Steve

Fame Is Fleeting

There is an old story to the effect that Napoleon in the heyday of his glory wondered if there were a man in the whole world who had not heard of him. So he caused a sort of search to be made, which resulted in finding a wood-chopper in the very suburbs of Paris who had never heard of the great Napoleon.

S. T. Rife Speaks At D.A.R. Meeting; Delegates Named

The Pickaway Plains Chapter, Daughters of the American Revolution, held its January meeting at the home of the regent, Mrs. Clark K. Hunsicker, W. Union-st. The regent led in the Lord's prayer and the salute to the flag. She then read communications from the state historian, Mrs. A. Vance Lester, relative to the Ohio D. A. R. history, and from the state regent, Mrs. Herbert Backus.

Four delegates were elected to state conference to be held in Toledo the last week in March, as follows: Mrs. Clark Hunsicker, Mrs. Orion King, Mrs. Frank Bennett and Mrs. George P. Hunsicker of Williamsport, with the following alternates, Mrs. Bertha Teegardin, Mrs. Lee Shaner, Mrs. H. M. Crites and Mrs. Ella Hornbeck.

Delegates to the Continental congress to be held in Washington D. C. in April were also elected, Mrs. Orion King and Mrs. Glenn Nickerson with Mrs. E. F. Anderson and Miss Alice Ada May, as alternates.

Mr. Samuel Rife, who was the speaker for the evening, stated that when he was asked to address the chapter, he found that he knew nothing of the history of the D. A. R. nor the objects of the society; upon investigation, he was very much pleased to learn that, in Article 2 of the constitution of the National society, the objects are (1) "To perpetuate the memory and spirit of the men and women who achieved American Independence, by the acquisition and protection of historical spots, and the erection of monuments; by the encouragement of historical research in relation to the Revolution and the publication of its results; by the preservation of documents and relics, and of the records of the individual services of Revolutionary soldiers and patriots, and by the promotion of celebrations of all patriotic anniversaries.

(2) To carry out the injunction of Washington in his farewell address to the American people; to promote, as an object of primary importance, institutions for the general diffusion of knowledge; thus developing an enlightened public opinion, and affording to young and old such advantages as shall develop in them the largest capacity for performing the duties of American citizens.

(3) To cherish, maintain, and extend the institutions of American freedom, to foster true patriotism and love of country, and to aid in securing for mankind all the blessings of liberty."

Mr. Rife then gave an intensely interesting and instructive talk on "The Constitution of the United States," which was very much appreciated by the members present. Mrs. James Moffitt sang three numbers; "Ah, 'Tis a Dream," "Two Roses" and "The Icicle." As usual her rich contralto voice pleased her audience, and elicited generous applause. Mrs. Frank Bennett read the Flag Code for January. Miss Marie Hamilton read a paper entitled "Defense of

Education" which showed the usual careful preparation, which she always gives her subjects. Mrs. Hunsicker and her assisting hostesses, Mrs. James Moffitt, Mrs. Noah Weaver, Mrs. Emmitt Crist and Mrs. Glenn Nickerson served delicious refreshments. Mrs. Foster and Miss Brunelle Parrett were guests of the chapter.

Five new names were added to the roll, Mrs. James Swearingen, Mrs. Harmon, Mrs. H. M. Crites, Mrs. Ella Hornbeck and Mrs. George Stoker, bringing the membership total to 52.

UNION DAUGHTERS INSTALL OFFICERS

The Daughters of Union Veterans of the Civil War, installed officers at their regular bi-monthly meeting Tuesday night in the Post room at the Memorial hall. Miss Laura K. Mader, past president of the Catherine Wolfley Hedgcock Tent, No. 101, was the installing officer.

Installed into office for the coming year were Mary K. Neuding, president; Lucy B. Price, senior vice president; Helen B. Anderson, junior vice president; chaplain, Ada Hammel; patriotic instructor, Edith Shanton; treasurer, Emma Mader; council member number 1, Laura K. Mader; council member number 2, Mary Haynes; council member number 3, Minnieola Spangler; guide, Edna Moon; secretary, May Carpenter; press correspondent, Myrtle Trimmer; guard, Bertha Wertman; assistant guard, Ruth Gearhart; color bearer, number 1, Daisy Murray; color bearer, number 2, Nellie Palm; color bearer number 3, Anna Kirkwood; color bearer number 4, Emily D. Yates.

Miss Emily Yates in a very pleasing manner, presented the past president, Miss Laura K. Mader with a corsage of beautiful roses. Miss Mader was highly praised for her untiring efforts in building up the Daughters of the Union Veterans of the Civil War, which is a new organization, and which has made sturdy progress under her leadership.

The meeting closed with no further business.

AT O'LEARY CONCERT OF RACHMANINOFF

Mrs. Harry Lewis, Miss Harriett Marfield, Mrs. Joseph G. Wilder, Mrs. John Kimmell, and the Rev. Benjamin C. DeCamp were among the Circleville persons who attended the Rachmaninoff concert at the Memorial Hall Tuesday night.

Others were Mrs. Lloyd Jones, Mrs. Adrian Yates, Miss Sara Swearingen, Miss Gertrude Pigman, and Mr. and Mrs. Sidney Beechey.

Joseph O'Leary who brought the artist to Columbus, reported a capacity house. Extra chairs were provided for late comers.

TO SPEND THREE WEEKS IN HAVANA, CUBA

Mr. and Mrs. Charles Raney, recent residents of Circleville and now of Chicago, will sail Saturday, January 19, for Havana, for a visit of three weeks. They will return by way of New Orleans.

MRS. ANDERSON RETURNS HOME

Mrs. John C. Anderson, mother of Mrs. Benjamin DeCamp of E. Main-st returned to her home in Winton Place in Cincinnati, after a visit in Circleville with the Rev. and Mrs. DeCamp. Tuesday evening Mrs. DeCamp and Mrs. Anderson attended the second showing in Columbus of "Strange Interlude" at the Hartman theatre.

CHRISTMAS MARRIAGE IS ANNOUNCED

Friends in Atlanta have received the announcement of the marriage of Miss Rebecca Eisenbrey and Mr. R. S. Zolner which took place in Atlanta, Georgia, on Christmas day. Mr. and Mrs. Zolner left immediately after the ceremony for New York City, where they will take residence. Mrs. Zolner lived in Atlanta all her life until after her graduation in high school. She has been teaching in Cleveland for several years. Good wishes of a host of friends here are extended to the young couple.

GOLDEN ANNIVERSARY IS BIG EVENT

On New Year's day the children, grandchildren and great-grandchildren gathered at the country home of Mr. and Mrs. J. W. Anderson in Pickaway-twp to help celebrate the golden wedding anniversary dinner. All the children were present except Harry of Dayton, who was detained at home because of illness.

The guests were: Lewis Ander-

son of Columbus; Mr. and Mrs. Alva B. Anderson and daughter, Helen, of Central college, Mr. and Mrs. Joseph Anderson and daughters, Helen and Dorothy, and sons Carl, Harold, John, Junior, of Circleville; Mr. Howard Anderson of Columbus; Mr. and Mrs. Loren Spenser and son, Junior, of Chicago; Mr. and Mrs. Shirley Anderson and son, Ray, of Williamsport; Mrs. Henry Rupert and daughter, Henrietta, and son, Keith, of Columbus; Mr. Stanley Anderson of Dayton; Mr. Paul Dawson of Hallsville; Raymond Paxton of Circleville.

At 12 o'clock a bountiful lunch was served to which all did ample justice. At a late hour they all departed for their various homes wishing the parents many years of happiness and hoping that the family circle may remain unbroken for many more years to come.

WILL GO TO NEW MEXICO

Mr. and Mrs. George H. Pontius will leave Thursday for Chicago where they will visit their son, Miller, and family. After a brief visit they will leave for Roswell, N. M., to spend the remainder of the winter.

MARRIED TUESDAY AT PRESBYTERIAN MANSE

The marriage of Miss Marie Seagraves to Aida Sparks was consummated Tuesday, Jan. 15, at the Presbyterian manse on E. Mound-st with the Rev. Emil S. Toensmeier officiating. The bridegroom formerly of Lawrence-co and now of Pickaway-co is the son of Mr. and Mrs. John Sparks. The bride's home is in Muhlenberg-twp, and she is the daughter of John Seagraves.

AT HUNTINGTON RECEPTION FOR GOVERNOR'S WIFE

Miss Edith Haswell of W. Union-st and Mrs. Leroy Foster of E. Union-st were numbered among the guests Monday afternoon at the reception at the Deshler-Wallick hotel in Columbus honoring Mrs. Myers Y. Cooper, wife of the governor of Ohio. Mrs. B. Gwynne Huntington of Columbus, was the hostess.

SEE "STRANGE INTERLUDE" ON WEDNESDAY EVENING

Mrs. Lemuel B. James, Mrs. H. P. Folsom, Miss Adeline Weldon and Miss Besse Frey motored to Columbus Wednesday afternoon where they attended "Strange Interlude" at the Hartman theater at 5:30 o'clock.

NOVEMBER WEDDING IS ANNOUNCED

Announcement has been made of the marriage on Nov. 27, 1928, in Richmond, Ind. of Edgar A. Young and Miss Anna Elizabeth Young, both of Dayton. The Rev. A. L. Nicklas, pastor of the English Lutheran church, performed the ceremony.

The bridegroom is the son of Mr. and Mrs. C. F. Young of Washington-twp. The couple will make their home in Dayton where Mr. Young has been employed as foreman in the repair shop at the National Cash Register Co., for the past five years.

VON BORA SOCIETY HAS FINE MEETING

The January meeting of the Von Bora society of Trinity Lutheran church was held in the social room of the parish house of E. Mound-st. Although the regular programs for the year have not been arranged, the meeting was very successful with the reading of a paper by Miss Florence Hoffman, which had been written by Mrs. Louise D. Crawford, now of Cleveland. The title was "The Transportation of Seeds." Miss Hoffman read it so that the paper was most interesting.

The usual services opened the meeting. These consisted of the singing of a hymn, a prayer and scripture reading. A short business session was held with the president of the society, Mrs. Ellen Wolfe, presiding. It was after this that the social hour was enjoyed with lively guessing contests occupying the time before an elegant lunch was served by the January committee.

The members of the committee were Miss Kathryn Weiler, Mrs. Robert Wolfe, Mrs. Helen Wolfe, Mrs. Lena Thatcher, Miss Martha Crist and Miss Margaret Crist.

How to Play BRIDGE

Series 1928-29 by
Wynne Ferguson

Author of "PRACTICAL AUCTION BRIDGE"

Copyright 1928, by Hoyle, Jr.

ARTICLE No. 23

Learn to hold your cards in such a way that your opponents cannot see them. This advice may seem unnecessary to the majority of players; but, if they will take notice, they cannot help but admit that many players hold their cards in such a way that one or both opponents can get a good look. A fair opponent should call attention to this carelessness and request his opponent to hold his cards so that his cards cannot be seen.

On the other hand, many players will not warn an opponent of his carelessness. Their argument is that if a man is careless it is his own lookout; and they do not hesitate to take advantage. A player whose partner was particularly careless about holding his cards, said to him: "Partner, you had better show me your hand also, as both the adversaries have seen it." Don't be a "peeper" yourself and don't let the "peepers" take advantage of your partner or of yourself.

The hands given in the preceding article have proven very interesting to our readers. Here are the writer's analyses:

Answer to Problem No. 24

Hearts—none
Clubs—A, K, 10, 9
Diamonds—A, 10, 9, 7
Spades—K, Q, J, 10, 9

No score, rubber game. Z dealt and bid one heart, A bid one spade and Y bid four hearts. B and Z passed and A bid five spades. Y and B passed and Z bid five hearts. Should A double, bid five spades or pass?

In this hand it should be apparent that Y Z have a freak hand and can probably make five or more hearts. On the other hand, it should be possible for A B to make five spades. Even if they fail to do so, they probably will save a game and rubber with the bid.

For these reasons, A should undoubtedly bid five spades. Y certainly will bid six hearts, yet even that bid A should not double. In the actual hand, A doubled five hearts, Z redoubled and made a grand slam. Y was void of diamonds and Z was void of clubs. Y Z easily made all the tricks as Z also held the ace of spades. Be on the lookout for freak hands of this type and don't let the fact that you hold a big hand coax you into a double that the bidding should indicate cannot be made.

Answer to Problem No. 25

Hearts—A, K, Q, 10, 9, 8
Clubs—A, 10, 7, 6, 2
Diamonds—A, K
Spades—none

Problem No. 27
Hearts—K, 8
Clubs—4, 2
Diamonds—K, 8, 7
Spades—A, Q, J

Hearts—10, 7
Clubs—J, 10, 9
Diamonds—9, 5, 3
Spades—8

Hearts—none
Clubs—K, Q, 8, 7
Diamonds—4, 3
Spades—6, 5, 4, 2

There are no trumps and Z is in the lead. How can Y Z to play the hand that they can win eight of the nine tricks against any defense? Solution in the next article.
